Testimonials from Leadership Alumni:

“When I was stepping on the bus for the first time, I was thinking to myself, “I am going to spend a whole day looking at corn fields and sugar cane? Am I really doing this?” YES – I was skeptical and, candidly, I was convinced that this was not going to be for me. I have rarely been so wrong in my life. The Leadership experience and all of the trips has been one of the most fulfilling and productive times of my life. I met my classmates that are now lifelong friends and I have been lucky enough to gain a precious perspective of our incredible County. Palm Beach isn’t a place – it is a community and gaining insight into the fantastic organizations and people is an unbelievable gift. Leadership through the Central Palm Beach Chamber gave me the opportunity to experience that gift. If you are skeptical, I get it. But PLEASE don’t let this opportunity go by – it will make you more productive, more connected and quite frankly it will be the greatest gift you can give to yourself and your organization.”

Jeff Robles – Senior Business Consultant, Michell Consulting Group, LLC, Leadership Class 2015

“I started out with 20 strangers and six months later I had new friends and business partners. Whether you are a new resident to Palm Beach County or this has been home all your life, this program will have something very special to offer you. I enjoyed every moment of the program from the farm to the most eco-friendly building. From being scared to give up one day per month to looking forward to our next day. All the activities were incorporated seamlessly into each day, you could tell that the CPBC team put a lot of effort into the planning and flawlessly executed each month. ”

Denise Testai – Agent/Owner, AGTS Insurance Services, Leadership Class 2015

“In business we often become myopic regarding our individual roles and our companies. We forget, or never even realize, how interconnected we all are. Our jobs, our organizations, our industries, and our individual lives create a living, breathing network. When I returned to South Florida from Chicago several years ago, I made it a point to entrench myself within Palm Beach County, and I wanted to discover where, in that network, I could best contribute. I was approached by another Central Palm Beach Chamber Leadership alumnus, and through his introduction, and also through support from my medical practice, I received an opportunity that still pays off today. Exposure to more than seven industries, meeting and learning side-by-side with other leaders in the community, and creating friendships within the county has been priceless. True commerce is about building genuine relationships. Because of this, the Central Palm Beach Chamber Leadership program has helped me grow, not just from a business perspective, but as a person.” “If you want to go fast, go alone. If you want to go far, go together.” - African Proverb
